Installing GNOME-Desktop:

1. Install GNOME Desktop Environment

```
# yum -y groups install "GNOME Desk
```

2. Input a command like below after finishi

```
# startx
```

3. GNOME Desktop Environment will star
configure it for first time.

- Select System language first.
- Select your keyboard type.
- Add online accounts if you'd like to.
- Finally click "Start using CentOS Linux".

4. GNOME Desktop Environments starts like follows.

```
centos7_64_install [Running] - Oracle VM VirtualBox
Machine View Devices Help
