

6x6 KenKen (+) - Easy - 7

Fill in all the squares from 1 to 6 without repeating in any row or column. The numbers used in the operation (addition, subtraction etc.) must combine to yield the target number for that cage.

Numbers in a cage must not repeat. Operations follow standard mathematical rules, and in cages with more than one cell, the operation must be performed within that cage.

Puzzle #1

6+	9+		9+		7+
			7+		
7+	6+		7+		
		4+		8+	
	8+			7+	

Puzzle #2

	8+				
		5+		5+	
	6+	9+			
			8+		
9+		7+			
			7+		

Puzzle #3

8+		6+			
3+		9+	7+	9+	
	8+		9+		
9+		5+			

Puzzle #4

	9+			7+	
	6+				5+
	3+				
8+	9+				9+
				6+	
7+		9+
