

THE 1988 LOUIS L'AMOUR CALENDAR

For 1988, the Louis L'Amour Calendar features full-page, four color portraits of memorable characters from twelve of Louis L'Amour's classic novels: the frontiersmen who built the West and shaped its future with their hearts and hands. Men who tamed the wilderness and pursued the endless frontier. Men whose destinies lay in settling the unexplored nation that would one day be the greatest on earth.

Each month of 1988 is highlighted with a stunning, full-color painting that appears as the cover art of a Louis L'Amour novel. Accompanying each month's artwork is a newly written, personal commentary by the author about his characters and the unforgettable stories they brought to memorable life.

The centerfold is the often-requested, one-of-a-kind map highlighting key locations from L'Amour books, updated to include his latest works.
