

Paragraph

Write this paragraph on the lines given below.

A torch is usually made of a wooden stave with one end soaked in combustible material. It is ignited and used as a light source. Torches have been used throughout history. They are still used in processions, religious events and in juggling entertainment.

Handwriting practice lines consisting of eight sets of horizontal lines. Each set includes a top blue line, a middle red line, and a bottom blue line, with a dashed line above the first set.
