BUCKET LIST

A decorative graphic on the right side of the page. It features a large red circle on the left and a smaller purple circle on the right, both partially visible. Horizontal grey lines extend from the red circle across the white background.

The diagram consists of five horizontal bars of equal length, stacked vertically. Each bar has a black dot at its left end. The top bar has a white rectangular area at its left end, and a wavy line connects the top of this area to the top of the second bar.
