Welcome,

AlphaBay is **re-opened for business** for the first time exactly 4 years since 2017. Having first **started trading in 2014**, we cultivated a strong connection with the DNM community by being **professional, fair & responsive** when dealing with buyers and sellers alike. By 2017 that alongside our innovations, high security, uptime & ease of use made us **the biggest and most trusted secure anonymous marketplace** ever to have existed. You can read our [first public message since 2017 detailing our vision going forward, why we have returned, what has been improved and more answers here](#).

If the name AlphaBay does not ring a bell and you do not know what this website does or who we are, you should search us up yourself. You can also [view our page about AlphaBay here](#).

AlphaBay has always been a **principle-driven, vision-oriented and community-centered** marketplace. The administration is almost the same as in the 2014-2017 period which means you will find again AlphaBay runs with **mature management, unparalleled security, 24/7 professional & well-trained Staff** and of course unique vision for the future not only for itself but [for the darknet market scene](#) too.

If you have any questions about the market refer to [FAQ](#), [How-To guides](#) or [Support Center](#). Feedback or suggestions can be directed to the [Forum](#) and our Staff members will look into it. We greatly appreciate any feedback you can provide to make the market a better place!
