Calendar of the **OFFICIAL CHARITY**
of America's National Parks

From coast to coast and beyond, the beauty of America's national parks is indescribable. This gorgeous calendar showcases these majestic views, but provides even more: knowledge that you are doing your part. Sourcebooks is proud to support the work of the National Park Foundation, the official charity of America's national parks, helping to preserve these sights for generations to come.

JULY

Yosemite National Park (CA)
Established in 1890, Yosemite National Park offers the finest views of the Sierra Nevada. The park's heart is the valley floor, where the world's tallest granite cliffs, the world's largest granite dome, and the world's largest granite arch are found. The park's heart is also the heart of the Sierra Nevada, where the world's tallest granite cliffs, the world's largest granite dome, and the world's largest granite arch are found.
