View Example

View Source

This example shows how to use the special jQuery plugin from the TinyMCE jQuery package.

## Welcome to the TinyMCE editor demo!

Feel free to try out the different features that are provided, please note that the MCImageManager and MCFileManager specific functionality is part of our commercial offering. The demo is to show the integration.

We really recommend [Firefox](#) as the primary browser for the best editing experience, but of course, TinyMCE is [compatible](#) with all major browsers.

### Got questions or need help?

If you have questions or need help, feel free to visit our [community forum](#)! We also offer Enterprise [support](#) solutions. Also do not miss out on the [documentation](#), its a great resource wiki for understanding how TinyMCE works and integrates.

### Found a bug?

If you think you have found a bug, you can use the [Tracker](#) to report bugs to the developers.

And here is a simple table for you to play with.

Product	Cost	Really?
TinyMCE	Free	YES!
Plupload	Free	YES!

Enjoy our software and create great content!
