Suggestions

Examples of Custom Scales

for 1/4" = 1'-0", type 48

for 1mm = 50mm, type 50

for 1cm = 50cm, type 5

Annotation plot size is used to set annotation containing text to the correct text height. Enter the desired text height.

Annotation Plot Size is always in AutoCAD plotting units (mm for metric drawings, inches for imperial).

If you want to associate a Display Configuration with an Annotation Scale, choose it from the list below the Scale section. This association is only applicable to this drawing.
