Month Calendar Widget

To setup the widget please follow instructions:
1. Find free space on home screen
2. Open the applications list and select Widgets tab
3. Find the widget - Simple Calendar Widget. If there is no widget in list, restart smartphone.
4. Press it and hold on
5. Homescreen will appear, place the widget on it
6. Configuration window will be opened, set the settings and press Apply

Use the arrows to change the months. Tap on title to get back to current month.
