How to increase your CashApp account limit?

Typically each transaction platform sets limits for the safety of its users, especially its verified accounts. As usual, CashApp restricts itself to unverified users, indirectly its verified accounts. You can receive or pay \$ 250 USD per week and \$ 1000 USD per month without verification. And this is the limit of basic attainment. We can say directly, that \$ 1000 USD per month is the limit for unfinished accounts.

Now if you want to increase your money transaction limit, you need to fully verify your account. After verification, the limit of account transactions will be increased to the maximum level. We provide 100% secure and fully verified accounts for our customers. Connect with us if you would like to purchase a verified CashApp account.
