

SUM Function in Excel

The screenshot displays the Microsoft Excel interface. The **Formulas** ribbon is active, and the **Math & Trig** category is selected. The **SUM** function is highlighted in the dropdown menu. A red arrow points to the **SUM** option. The worksheet shows a column of values in column A, with the sum 535.4 displayed in cell C2.

	A	B	C	D
1	Value			
2	12.5		535.4	
3	8.2			
4	100			
5	5.6			
6	9.1			
7				
8				
9				
10				
11				
12				

The formula bar shows the formula **=SUM(** in cell C2.
