

Easter Rounding

Fill in the row for each number.

The number is	Round to the nearest 10	Round to the nearest 100
35,906		
4,715		
59,562		
237,599		
384,177		
449,999		

Easter - Can You Make It? Challenge

Create equations that equal the first number using only the digits in the circles. One is done to show you an example.

Hints to Help You:

- You can use +, -, x and =.
- You can use more than one operation in an equation.
- You can make 2 or 3 digit numbers by joining digits.
- You can only use a digit once in an equation, unless the digit is repeated.

Egg Stacks - Find a Multiplication

For each box color one egg from each egg stack to make a multiplication fact with the numbers on the eggs. The first one is done for you.

$\begin{array}{c} 2 \\ 3 \times 5 = 15 \\ 5 \end{array}$	$\begin{array}{c} 4 \\ 2 \times 8 = 16 \\ 3 \end{array}$	$\begin{array}{c} 12 \\ 2 \times 7 = 14 \\ 4 \end{array}$
$\begin{array}{c} 5 \\ 7 \times 6 = 42 \\ 9 \end{array}$	$\begin{array}{c} 20 \\ 6 \times 8 = 48 \\ 4 \end{array}$	$\begin{array}{c} 20 \\ 3 \times 5 = 15 \\ 6 \end{array}$
