

TEACHER CENTERED APPROACH VERSUS LEARNER CENTERED APPROACH

Visit www.PEDIAA.com

TEACHER CENTERED

Teacher centered approach is an approach that encourages students to completely focus on their educator

Focus is on the educator

Educator talks, and students continue to listen and remain silent

Prevents learners from expressing themselves and discourages them from asking questions and logical engagement in self-learning

Classrooms usually have a strict and orderly nature

LEARNER CENTERED

Learner centered approach is an approach where both the educators and the students share an equal focus

Both the educator and learner have an equal focus

Student-student and teacher-student collaboration and communication is encouraged

Gives learners the freedom to acquire knowledge independently and logically by asking questions

Classrooms can often get chaotic and noisy
