

```
#include<stdio.h>
#include<conio.h>
void main()
{
int a,b,c;
clrscr();
printf("Enter the value of a =");
scanf("%d",&a);
printf("Enter the value of b =");
scanf("%d",&b);
c = a+b;
printf("The sum of a and b is %d",c);
getch();
}_
```
