

Maintenance Log

Scottsdale Water Resources

www.scottsdaleaz.gov/water/quality/pretreatment

Use this form to log all cleaning and maintenance events performed on grease traps, grease interceptors, and sand/oil separators. City code requires all pumping and maintenance records to be kept on site at all times.

PER CITY CODE CHAPTER 31 SEC. 1003.1.3.1 - MAINTENANCE RECORDS:

All Traps, Interceptors and Separators shall be maintained by the user in efficient operating condition at all times. Written records and documentation of all cleaning, repair, calibration, and maintenance shall be maintained at the facility for a minimum of three (3) years and be made available upon request.
