Utility Summary

Managed Instances 14

Deployed Data-tier Applications 9

Data-tier Application Health

- Well Utilized (7)
- Overutilized (2)
- Underutilized (0)
- No Data Available (0)

Managed Instances with Overutilized Resources

Overutilized Instance CPU 0/14

Overutilized Database Files 0/14

Overutilized Storage Volumes 6/14

Overutilized Computer CPU 0/14

Data-tier Applications with Overutilized Resources

Overutilized Data-tier Application CPU 0/9

Overutilized Database Files 0/9

Overutilized Storage Volumes 2/9

Overutilized Computer CPU 0/9

Managed Instances with Underutilized Resources

Underutilized Instance CPU 0/14

Underutilized Database Files 0/14

Underutilized Storage Volumes 0/14

Underutilized Computer CPU 0/14

Data-tier Applications with Underutilized Resources

Underutilized Data-tier Application CPU 0/9

Underutilized Database Files 0/9

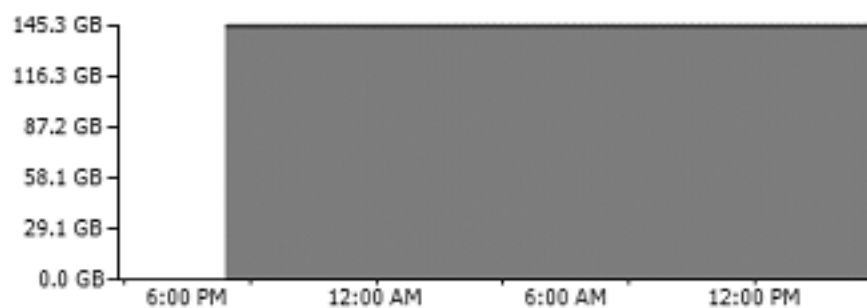

Underutilized Storage Volumes 0/9

Underutilized Computer CPU 0/9

Utility Storage Utilization History

Interval

- 1 Day
- 1 Week
