

Copy Data to Next Sheet

The image shows two Excel spreadsheets. The top spreadsheet has a single row of data. The bottom spreadsheet has a header row and one data row, which is a copy of the data from the top spreadsheet. A red arrow points from the data row in the top spreadsheet to the data row in the bottom spreadsheet.

	A	B	C	D	E	F
1	100	John	Pc-200	\$20	5	\$100

	A	B	C	D	E	F
1	Invoice No	Name	Product Name	Unit Price	Unit(S)	Total
2	100	John	Pc-200	\$20	5	\$100
