

A decorative border surrounds the central text area, featuring various science-related icons. At the top left is a magnifying glass. Next to it is a molecular model with a central yellow sphere and four smaller spheres (two teal, two orange) connected by white rods. To the right is a battery with a yellow top and pink bottom. Further right is a conical flask containing teal liquid. At the top right is a lightbulb. Below the battery is another lightbulb. At the bottom left is a pair of blue safety goggles. Below that is a yellow microscope. At the bottom center is a graduated cylinder with pink liquid. To its right is a lightbulb. At the bottom right is a test tube with blue liquid. Various small icons like stars, swirls, and dots are scattered throughout the border.
