

GROUP GRADE
NAME OF NOVEL
Criteria for Test Project
Due: _____

You and your group will create an exam for your book. Your test needs to consist of the following items:

- ☐ Character Matching
- ☐ Quote Identification (can be matching or multiple choice)
- ☐ True/False Questions
- ☐ Multiple Choice Questions including
 - ☐ Basic comprehension questions
 - ☐ Vocabulary words from the book
 - ☐ Vocabulary can be matching if you'd prefer
- ☐ Two short answer questions
 - ☐ Should require 3-5 sentences in response
 - ☐ Must require text evidence from the book to support the answer

*Your test must be at least **50 questions** long.

*Your questions can be in any order

*Your test must be typed and numbered correctly. The more "professional" it looks, the better your grade.

*You will also need to turn in a "key" with answers to ALL the questions from your test, including the short answers with text evidence.

This means you are turning TWO THINGS in:

1. A blank copy of the test (something a student could use)
2. A copy of the test with answers on it (Put the answers in a different color or highlight them)

Grammar, spelling, and formatting are all important!

****IMPORTANT****

All information should be **CREATED** by your group. Do not copy from the internet. If you copy information from the internet (or anywhere else), this is considered plagiarism and you and your group will automatically receive a 0 on this major grade.
