

A diagram of a staircase with six steps, labeled 1 through 6. The steps are represented by blue horizontal bars of varying lengths and positions. Step 1 is the top-most bar, starting from a vertical dashed line and extending to the right. Step 2 is a shorter bar to the left of the vertical line. Step 3 is a bar starting from the vertical line and extending to the right, shorter than step 1. Step 4 is the longest bar, starting from the vertical line and extending far to the right. Step 5 is a bar starting further to the right and extending to the right. Step 6 is the shortest bar, starting furthest to the right and extending to the right. The background is light blue with two vertical dashed lines.
