

THE MARSHMALLOW CHALLENGE

Your Supplies:

1 Marshmallow

1 Roll of Tape

20 Spaghetti Noodles

1 Roll of String

The Challenge Rules:

- * You all will work as a team to create the tallest freestanding structure using only the materials above.
- * The entire marshmallow should be intact and on the top of your structure.
- * You all may use as much or as little of the materials above, but extra materials will not be provided.
- * The structure will be measured from the base of the table to the top of the marshmallow.
- * You all have 18 minutes to work as a team. Communicate, plan, and delegate jobs to complete it in that time frame. Every person should have a job to help create the structure.
