Far far away, behind the word mountains, far from the countries Vokalia and Consonantia, there live the blind texts.

Separated they live in Bookmarks Grove right at the coast of the Semantics, a large language ocean.

A small river named Duden flows by their place and supplies it with the necessary regalia. It is a paradigmatic country, in which roared parts of sentences fly into your mouth. Even the all-powerful Prosopopoeia has no control about the blind texts it is an almost orthographic life One day however a small line of blind text by the name of Lorem Ipsum decided to leave for the far World of Grammar.

The Big Chance advised her not to do so, because there were thousands of bad Choices, wild Question Marks and devious Semantical, but the Little Blind Text didn't listen. She packed her seven versalia, put her initial into the belt and made her well on the way. When she reached the first hills of the Italic Mountains, she had a last view back on the skyline of her hometown.
