Instructions

- 1 Determine how many teams will be in your tournament.
- 2 Click on the number below to go to the proper worksheet. If you don't see your exact number, pick the closest one that is just higher than what you need. To return to the instructions, click on the Instruction link located at the top of each sheet.

[3 Teams](#) [4 Teams](#) [5 Teams](#) [6 Teams](#) [7 Teams](#) [8 Teams](#) [9 Teams](#)

[10 Teams](#) [11 Teams](#) [12 Teams](#) [13 Teams](#) [14 Teams](#) [15 Teams](#) [16 Teams](#)

[20 Teams](#) [24 Teams](#) [30 Teams](#) [32 Teams](#)

- 3 If your tournament is seeded, place the name of the team next to the proper seed number. If your tournament is not seeded, select "No" in the drop-down box below, and randomly place your teams.

Show Seed Numbers:

- 4 If you have open starting positions, place BYE as the Team Name in these slots.

- 5 Conduct games in the order they are numbered to balance breaks for each team. To hide game numbers select "No" in the drop-down box below.

Show Game Numbers:

- 6 As the tournament progresses, update your bracket either by hand or in Excel. Include scores in the gray boxes.
